

SFS ACADEMIES (Affiliated with NSDC)

Leading Paramedical Institute for more than 12 years

About Us

India's healthcare sector offers vast employment opportunities for allied health professionals in both technical and managerial roles.

Recognising this, **National Institute of Technology Meghalaya (NITM)** has launched "**School for Skills: Allied Health Sciences NIT Meghalaya**" (**SFS NITM**) at its Sohra (Cherrapunjee) campus under the "Sitimon Sawian Centre for Inclusive Education" (SSCIE). SFS NITM is a part of SFS Academies.

SFS NITM will be operated by "JSV Innovations" (JSV), Skill & Knowledge partner of NITM. In its **12 years**, SFS Academies has trained **over 5000 youth** across **10 centres** in **5 states** in India, including at IIT Guwahati & IIT Indore. Over **80%** of its graduates have received employment in **80+ hospitals in all major cities in India**.

Our Values

Vision

We will address multidimensional poverty through employment-oriented education of health human resources from among the rural youths and increase rural income, thus building community resilience. We will improve access to healthcare, thus creating lasting change for a healthier, more equitable India.

Mission

School for Skills (SFS) Academy is dedicated to addressing youth unemployment and shortage of skilled Allied Healthcare Professionals (AHP). Our high-quality training programs will enable youth, especially women, from marginalized and underserved communities to secure stable and formal employment in the health sector.
